Client: Teriyaki Experience

Role: Designer, Production

Skills: Problem Solving, Creative Thinking, Time Management, POS Materials Design, Photoshop, InDesign

Project: POS Materials

During my experience with BTI, I have designed promotional POS materials for Teriyaki Experience, launching the brand's Asian cooking sauce which enabled the consumer to design their meal.

I was responsible for the concept, design development and production of all in-store promo materials consisting of duratrans, wobblers, sneeze guard clings and more.
